To Whom It May Concern:

I understand that _____ has submitted a request to be exempt from the COVID-19 injections. As a Bible believing Christian Pastor, it is my conviction that such “mandatory” injections are in direct contradiction to both a sincere Christian faith, and to our basic inalienable rights as free Americans. _____ has expressed his/her agreement to these commonly held convictions, and his/her convictions must be recognized and honored in order to avoid violation of his/her inalienable rights as articulated in our Supreme Law – The US Constitution and Bill of Rights.

Accordingly, The Church of Glad Tidings whole-heartedly supports his/her right to refuse any and all “mandated” injections. Please honor his/her request for religious exemption. Be advised that a failure to do so will be met with legal action from both **The Church of Glad Tidings** and its affiliate network of legal counsel.

Thank you for honoring this very basic request.
